Approvals Conditions

1. KM reserves the right to neither cancel this approval, at any time, without assigning the reasons nor be liable for such action.
2. This approval does not vouch, in any way, for the performance of the product, and shall not be used as testimonial for promotion of the product.
3. This approval does not provide any guarantee to the manufacturer/supplier/Local agent, in any way, for automatic acceptance of the product against any KM tender(s) or other external projects. This will merely provide an equal opportunity to compete with other vendors.
4. In the event the manufacturer makes any changes in the product design, construction or use of different materials/components/accessories, they need to obtain KM approval.
5. Since this approval is given based on specific manufacturing facility (factory/country of Origin), any change in the source of product origin shall be considered as new product, and pre-qualification process becomes mandatory.
6. Should there be any change in your company or manufacturer's profile (e.g. name, address, telephone, fax, renewal/ termination of local agency agreement etc), the same shall be notified to KM immediately
7. KM reserves the right to inspect the material/witness FAT tests at factory when required. The supplier/ manufacturer/ project owner need to inform KM at-least one month in advance before delivery of materials from factory, against external project requirements.
8. KM reserves the right to witness type tests or special tests when required. Only brand new material/equipment need to be delivered against any projects, old and used material are not acceptable
9. If any of these conditions are violated, or any deviations are found in the equipment/materials at the time of inspection or installation, this approval shall become void and material shall be liable for rejection.
10. This approval is valid for two (2) years from the date of issue. A new approval to be obtained upon the expiry of this approval.
